The Chief Secretary to the
Dewan of Mysore

Sir,

I have the honor to submit herewith, for sanction, statements of the Budget Estimates, as per margin, of the Local Funds of the Bangalore District for 1893-94 together with copy of Proceedings of the meeting held on the 24th February 1893.

2- A few items which have not been sufficiently explained in the Resolutions of the Board require further explanation and are explained below.-

3. No credit is taken for

Bungalows, as such fees collected at the Bungalows in this District, except those at Nelamangala and Kankanhally are credited to Provincial Revenue No fees were till lately collected at the above mentioned two Bungalows - Now fees are leviable under the Proceedings of the Government No. 647-55 dated 27 42-92 16th July 1892; but these fees ought properly to go to the Provincial Revenue -

4. The Executive Engineer proposed a Reserve Grant of Rs 10855/ which the Board has for two reasons reduced to Rs 5535 - The reasons are —

First, the total maintenance grant being 26000 Rupees in round Numbers the proposed reserve was nearly 42 per cent of the Grant - The Board does not consider it advisable to allow such a large percentage

to be spent without reserving to itself the power of deciding whether such Expenditure was necessary - Secondly, other calls would not allow of a large Reserve which may not after all be required for Expenditure -

5. The Board desires me to impress on the Government that the expenditure on the Department Public Works Establishment is 26 per cent of the grants in favor of works in the charge of that Department and that this percentage is very excessive -

6 As for the large provision under Conservancy, &c; vide para 10 of the Proceedings of Govt: No. 11641-5 of the 21st January 1892 - L 1104

7. In conclusion; I beg to request the attention of Govt: to the 2d Resolution regarding breeding bulls -

I have the honor &c

against a total demand of including
arrears. The difference, Rs 9507
representing the
outstandings which may remain
uncollected at the end of the
year is large and the Dy Comr
is requested to take steps to
collect the recoverable arrears
at an early date

(4) II Sale of Stray Cattle & III Fines
for Cattle Trespass. The estimates,
which are the same as those
sanctioned for 1892-93 and are
less than the actuals of 1891-92,
probably represent not the gross
receipts, but only net receipts after
deducting charges on account of
the feeding of impounded cattle
and remuneration to Pound keepers.
If so, the amounts that have
not been deducted on account of
each of the items should be
stated in view to the estimates
under these heads being enhanced.
Pending information, the
estimates will stand

estimate comprises Rs 120 from the

sale of manure and Rs 100 from fees expected to be realized from ~~reports for the use of Amrit Mahal~~ ~~from cows to be covered by~~ bulls for breeding purposes ~~by Amrit Mahal bulls~~. The former item is small, considering the large amount now spent on the conservancy of populous villages and the numerous ponds existing in the District. The Dy Coms is therefore requested to ~~collect~~ see that the sweepings of all cattle ponds, weekly markets and the manure collected by special establishments which may be maintained for ~~cattle~~ the conservancy of villages, ~~and~~ by ~~private sales by pits~~ ~~contract~~ to develop the source of revenue from ~~the~~ manure. (6) The opening balance is given as Rs 6436, which will be reduced to Rs 4437 as per particulars given below:-

(1) Actual balance on 1/7/92 : Rs 25.194

(2) Estimated receipts for 1892-93 = 63.794

Total including balance = 88.988

(3) Estimated expenditure for 1892-93 = 84.551

Estimated balance on 30/6/93 = 4.437
on 1/7/93

(4) Including the above balance of Rs 4437, the sum available for expenditure during 1893-94 amounts to Rs 68.814, of which 67.273 are proposed to be expended leaving a balance at the end of the year, ~~which~~ of Rs 1541 only, which is less than 25 per cent of the receipts by Rs 14.553. The Charges have therefore to be reduced.

(1) Civil charges ... Rs 17.663
(2) Public works to be executed by D P W } 49.610
(3) — D — Revenue Dept — 0
Total Rs 67.273

(5) The subjoined statement will shew that the estimated expenditure under "Civil charges" for 1893-94 is Rs 8088 Rs 4 less than the ~~state~~ sanctioned for the year 1892-93.

(10) II Medical scholarships. The diminished provision, which is in accordance with the scale sanctioned in Govt Proceedings dated 24 December 1887

Rs 5832-43 / 149 is approved. The

provision under this

head includes Rs 240 & 168 on account

of the travelling allowance of the

which is debitable to the

Medical Budget is struck on

As regards the other item of

Rs 168 against Rs 400 entered

in the Budget for 1892-93, the

Dy Comr should explain the

necessity for the provision and

pending information called for

in Para 7 of Govt Proceedings

dated 21st January 1892 No 11641-5 / L 1104,

no expenditure ought to be

incurred out of the allotment

(11) Sweepers for Travellers

Bungalows and Muscafarkhanes.

The increase is due to the

proposal made by the L. F.

Board to raise the salaries of

watchers of the Bungalows at

and Kantonments in view to make these salaries of all watchers uniform, in the event of Govt declining to transfer the maintenance of the Bungalows to Provincial, which bear the cost of other Travellers Bungalows in the District (Vide Para 7 of Board's Pro of 24/2/93) The Bungalows above referred, are of the III Class and their cost is a proper charge upon District Funds. The proposed transfer cannot therefore be sanctioned but Govt will not object to slightly raise the salaries of watchers employed in them. The provision made will accordingly be approved.

(12) VI Conservancy & Sanitary Changes. The diminished provision of Rs 11,050 made will be sanctioned subject to the submission of details promised in Para 11 of the Board's Proceedings

Govt. at the same time regret that Few an item of expenditure to which they attach the greatest importance should be starved on account

(13) IX Contribution. The sum of Rs 1000, which the L.F. Board agreed to pay to the Municipality of the Bangalore City towards the cost of maintaining D.F. roads in the town in ~~Para of this~~ Proceedings dated 8th December 1888, should have been inserted under this head, corresponding reduction being made under "P.W. to be executed by D.P.W. ~~A sum of Rs 1000~~ The omission will be supplied in this office with reference to the remarks contained in Para 12 of Govt Proc. 21/1/92 etc 11641-5. Dated 9th September 1893.

To

The Chief Secretary to the Dewan
of Mysore.

Sir,

Adverting to the Government Proceedings No. 17361-65 dated 22nd April L.T. 152-92 last, passing orders on the District Fund Budget Estimates of the Bangalore Circle for 1893-94; I have the honor, with reference to para 4, to state — that the Estimates under the head "II Sale of stray cattle and III Fines for cattle trespass" represent the gross and not the net receipts.

2. With reference to para 17, I beg to submit that out of the 3 bulls supplied free of cost, one was returned to the Amrat Mahal Department, as unfit for breeding purposes. There remain two now

and nobody is willing to take them up.

3. As regards Kodikally-Satnur Road, I herein enclose Mr. Scaldwells' explanat. in the matter. The Board in its resolutions dated 2nd Ultmo has decided that it is necessary to complete the road.

4 Regarding Sulibele Road Rs 17-8-0 were spent in preparation of project. No work has been executed, but the work is an urgent one.

5. Referring to para 20, I beg to forward an Extract from the Executive Engineer's Letter No. 25-73/319 dated 7th June 1893, furnishing the information called for.

6. Anent reduction of Establish-ment referred to in para 22 I beg to state that I have been informed by the Executive Engineer that a Separate Establishment is not maintained for Supervising District Fund works and that the expenditure on Establishment

is rateably debited to District Funds, every month. I understand that the cost of the Establishment including the highest Superveing Officers, is rateably charged to the District Funds, which I beg to submit is hardly fair.

7. In conclusion, I beg to submit that there will be large relapses — especially in the Public Works Grant, which will greatly enhance the opening balance and therefore I beg that the works, &c., proposed this year may not be struck off. I wanted to give the amount of relapses and on purpose delayed this report; but the amount has not as yet been intimated to me by the Comptroller.

P.-a 14-IX Contributions.

In the sanctioned Budget a reduction of Rs 1000/- has been made from the total of allotments for roads on account of contributions payable to the Municipality of the Bangalore City towards the cost of maintaining District Fund Roads in the town. The present allotments provide for maintenance of the District Fund Roads situated beyond the Municipal limits. consequently the deduction now made is really a reduction of mileage grant. If contribution is necessary, I would submit that it should be provided for separately

and would bring to notice, that the
total mileage of District Fund roads
now situated in the limits of Bangalore
City Municipality is only $5\frac{9}{32}$ miles
and allotment for same at mileage
Rates allowed beyond such limit
amounts to Rs 502 as per details in
margin.

these circumstances a further grant of
Rs 1800, as originally provided for is re-

Government observe that the Supplemental Budget now submitted has not been prepared carefully. The modifications in the original estimates sanctioned in Proceedings dated 8: December 1893 c/o 8947-9/L.F 152-92 have not been taken into account in the Supplemental Budget. The correct total of the details of incomplete works of the Bangalore Taluk is Rs 17 5 3-3-4 and not Rs 17 5 3-3-4 as entered in the statement furnished by the Dy Comr. Moreover the proposed provision of Rs 11. 5 30 entered under "VI Conservancy and Sanitary charges" includes Rs ~~11~~ sums required to be spent on "works, original and repairs" to be executed by D.P.W. which ought

Item 4. The detailed statement submitted for ordinary works includes

in addition to maintenance allow-
ance sanctioned for each under
"Repairs" ~~as specified against it.~~
The Deputy Comr. is ~~therefore~~ re-
quested to state ~~what reductions~~
are feasible under the sanctioned
